

Bulgarian people have many dates in the long history that we remember very well. There are dates that we are proud of them.

There are
dates that we remember with
sorrow and
despair

One
of the brightest

,
the most remarkable
is March 3rd

- National Day of Liberty.

Students from the special classes of History /6 grade /and their teacher Vanya Nenkova were inspired by
campaign
of the show "

Let's
talk"
at BTV and
on the Eve of
National Day

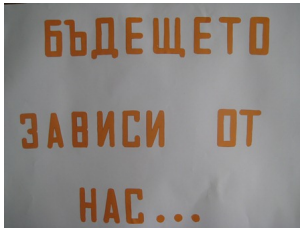

they
finalized
the project "
1330
steps
on the path of
glory
."

Posters are showing the historical events through which passed the development of the Bulgarian state.

We can feel
the strong
spirit
of the Bulgarian people
during the periods
of prosperity
and national
ratification
; beginning
from the time of
the
establishment of
Old Great Bulgaria in
632 year, passing
in
economic
and political crises. The exhibition
hints
at
Iron
curtain and
reaches
New
Time looking for
new ways
.

Therefore, the message to students from "Ivan Vazov" Secondary School is:

Future depends on us!

We would like to express our gratitude to “Dream Team Productions” for the endowment - a D VD "

Great
Rulers"

.
