

On April 17<sup>th</sup> 2013, the pupils from the third grade of Ivan Vazov Secondary school and Mrs. Tanya Nikolova have started the philosophical breakfasts, which are the part of the initiatives 'Marathon reading 2013', in the school library. While they were reading the book 'Respect and Disrespect', they were eating apples, too. The little pupils were provoked to solve everyday problems and to manage with different situations.

The philosophical breakfasts are going on to the end of school year with the other books of The Tochtiza Publishing House.
