

Pink T-shirt Day

As a tradition, every last Wednesday of February is known as "A Day against bullying at school" (especially in Canada). On this day, participants wear pink to symbolize that they do not tolerate school bullying. It is February 24, 2016 and we, the students of High school "Ivan Vazov" –Sopot, take a stand against bulling and we protest against the harassment to exist in our school. We renewed posters on this topic and put them into our classrooms, we prepared a presentation and shared good ideas though pink slips against the harassment.
