

An innovative lesson

Wednesday, 28 March 2018 18:16 -

On March 26, 2018, in the class lesson, a team from "Youth Center Plovdiv" replaced the former teachers

of the students from the upper course of "Ivan Vazov"

Secondary school

- Sopot. As the first meeting, Sofia, Mariana and Vesela presented the vision, the mission, the activities and the events of the organization. Through informal games they conducted a survey on the needs and interests of young people in Sopot. With teamwork and positive thinking, young people have come up with creative suggestions to improve the environment in which they live, study and spend their free time.
